Died—March the 3d, Mr. James Miller, of pneumonia. He leaves a widowed mother and brother to mourn his loss.

Where is Jumbo, that tiny fat elephant? We buy there is nothing new, as the matter as we have not seen him for some time.

The subscription to build a new Chapel and school house has reached \$355. Our merchants on Benson Avenue have subscribed liberally with one exception.
The Frankfort Coon Club held a meeting on this side of the river Saturday night, which accounts for the interviews the hogs have had with Judge Gaines this week.

An Editor's Tribute.

Theron P. Keator, Editor of Ft. Wayne, Ind., "Gazette," writes: "For the past five years have always used Dr. King's New Discovery, for coughs of most severe character, as well as for those of a milder type. It never fails to effect a speedy cure. My thanks to whom I have recommended it speak all in some high terms. Having been cured by it of every cough I have had for five years, I consider it the only reliable and sure cure for coughs, colds, etc." Call at Jos. Messrs. George Johnson and Henry Moore paid a flying visit across the river Sunday evening. They both returned home with a severe attack of the blues.

Mrs. Whittington was taken suddenly and dangerously ill Wednesday night. Dr. Williams was summoned and pronounced her very dangerous. She was no better late Thursday evening.
Hub. Whittington is riding around telling the boys big yarns about the election. That is all right, boys, Hub is a clever fellow and you can't put the saddle pockets across a better horse than he is.

There is a very prosperous farmer in this vicinity who the boys say has whipped himself every day morning this month and the consequence is, since the sun has come out he is not able to work on account of bruises.

Price Moore stayed at home last Sunday for the first time in a year. He was complaining of feeling very bad with a pain in his breast. Nothing serious. Price, every sweet has his litter, we have felt the pain.

Mrs. Jeff. Miner has gone to Salvia, Mercer county, to attend the bedside of Mrs. Disler, who is lying very ill with but little hope of her recovery. Mrs. Disler lived in this vicinity for a number of years, and has a host of friends, who are sorry to hear of her illness.

The wedding we spoke of in our last came off at the residence of Mr. Dunlap on Thursday, the sixth of March—Mr. Andrew Roberts, of Anderson county, and Miss Mary Dinning, of this county. Rev. J. M. Mr. H. D. Harrod is determined to make the race for Constable in this precinct we could not elect a nicer young man. He will make it hot for some of the boys.

Our Flag Post correspondent seems to be a bit Collins man. All for the better. Gaines will get three to one in the precinct. He has many warm friends in old Bald Knob. Hurrah for Gaines!

Mr. Campbell Harrod recently married a young lady in Lexington and returned to his home on Flat Creek. The wife has become dissatisfied and returned home. Some say that he has tried to commit suicide.

Jumbo must not think because I have been an absent correspondent for some time that I will not make my appearance any more as I see he has not mentioned my name in the list of correspondents. So now I will joyfully sign my name.

Mr. Harry Quire recently sent his son to a neighbor to borrow his sled. On inquiring what he wanted to haul the boy said that I will not make my appearance any more as I see he has not mentioned my name in the list of correspondents. So now I will joyfully sign my name.

GEORGE A. LEWIS.

Editor and Publisher.

FRANKFORT, MARCH 22, 1884.

Messrs. E. H. Taylor, Jr., Co. will commence running their Carlisle and J. S. Taylor Distilleries in a few days.

The city assessor's book for this year shows the total population of this city to be 8,992. Divided as follows: whites, 5,431; colored, 3,561. White males, 2,793; white females, 2,639; colored males, 1,704; colored females, 1,707.

The meeting which Rev. George Darrie is conducting at Mayville is progressing finely, the interest is increasing each day and there have been twelve additions to the church—nine by baptism and three by letter. He will probably remain all next week.

The pulpit of the Christian Church will be filled tomorrow morning and night by Rev. A. N. Gilbert, of Mayville. Subject of the night discourse: "Purpose, the trustee of a noble manhood and womanhood," a talk to young people. Mr. Gilbert is a fine pulpit orator, and should be heard by all.

Mr. James Shackelford and Miss Annie Coke eloped from this city Monday and were married in Jeffersonville, Indiana. The bride is a daughter of Mr. Dallas Coke, of South Frankfort, and the groom a prosperous grocer on Wilkinson street. They were accompanied in their flight by Miss Mollie Hart and Mr. Daniel Dunigan (Tuck).

A stock company called the Frankfort Brewing Company is being organized in this city for the purpose of running a large beer brewery. Messrs. Sig. Lacher, L. Walzel, Peter C. Moser, and Jos. Schloft are among the stockholders. It is proposed to improve and run the brewery at present owned and operated by Mr. Sig. Lacher on a more extensive scale. A charter will be obtained from the Legislature in a few days.

Mr. Jos. LeCompte proposes to put up a box at his drug store for the deposit of letters to be mailed by our worthy Postmaster will only send some one over after them once or twice a day. It will be a great convenience to ladies living on the South Side, as it will save them a long walk. The box can be locked and the key kept by the Postmaster, so that letters dropped in there cannot be tampered with by anyone else. What say you, Doctor?

The Council has under consideration the question of having the houses numbered and the names of the streets posted up at the corners. There should be no hesitation about the matter. The expense is nothing in comparison to the convenience it will be. When this is done a gentleman living in South Frankfort can say "I live at No. 110 Third street," when directing a person to his home, and the party has no difficulty in finding the place. Now he has to say "go across the bridge and at the first corner turn to your left, go two squares and turn to your right, go one square and turn to your left, and anyone in that neighborhood can tell you where I live." The party wanders around, has to ask everyone he meets and loses valuable time before he finally finds the house. Our new city directory will be more complete, and it will be more city like. Let the work be done by all means.

Sunday morning about nine o'clock Mr. Henry Duval discovered smoke issuing from the cellar of the new office and Warehouse of Messrs. W. A. Gaines & Co. None of the proprietors or employees of the establishment could be found for nearly a half hour to open the doors, and a ladder was taken from the engine house by some of the firemen for the purpose of going in through an upper window, but just as it was placed in position Mr. Wm. Bradley arrived on the scene and opened the door, when it was found that the fire was in a scuttle of coal standing on the elevator and was caused by spontaneous combustion. Some oil rags used in rubbing off the woodwork in the office the evening before had been placed in the scuttle and had ignited, setting fire to the coal. The woodwork of the elevator and one of the upright beams were considerably charred, but no other damage was done. The fire was discovered just in time to save the building.

Large stock of field and garden seed for sale at E. L. Mengler's at the lowest prices.

A lively row occurred at a colored festival just outside the city limits, on the Owenton pike, Saturday night, in which knives were used pretty freely and several parties carved up considerably.

Mr. J. D. Moore, of this county, sold on Saturday, at the Ninth Street Tobacco Warehouse, Louisville, four hogheads of tobacco—the crop of Mr. P. R. Pattie, raised on four acres of land for \$15.50, \$12.00, \$15.50, \$18.00.

Notice.

There will be a meeting of the Republican County Committee of this county at the office of Messrs. J. & J. M. Saffell in the city of Frankfort, on Monday, April 7th. A full attendance of the members is desired.

By order of
J. C. JACKSON,
Chairman.

Republican Convention.

The Republicans of Franklin county met in Convention at the Court House, in this city, on Saturday, March 15th, for the purpose of nominating a candidate for sheriff and appointing delegates to the District Convention, which meets at Lexington April 8th, and to the State Convention, which meets at Louisville May 1st.

On motion, J. B. F. Stagers was elected Chairman and W. H. Mayo Secretary. On motion Cpt. J. C. Jackson, of Penik's Mill, was unanimously nominated for Sheriff, who in a few words accepted the nomination and thanked the Convention for the honor conferred upon him.

On motion, a committee composed of Cpt. J. C. Jackson, E. M. Drane, W. H. Sneed and R. H. Higdon, appointed to select delegates to the District and State Conventions, who retired and in a short time reported the following:

Market-house—J. G. Hatchitt, W. H. Sneed, W. H. Gray, Matt Johnson, J. W. Ashbury.
Gas-house—J. R. Stafford, N. J. McDaniell, Henry Samuel, R. H. Higdon.
Court-house—J. M. Saffell, Geo. A. Lewis, D. W. Lindsey, Edward M. Drane, W. P. Hudson, Jno. H. Thomas, Benj. Field, W. H. Mayo.

Peak's Mill—J. C. Jackson, Graves Hancock.
Bloomington—Ino. Suter, Lea Taylor.
Bridle-Knot—Eli McDaniell, Hugh B. B. Bridgeport—J. W. Jenkins, J. D. Parent, Cedar Run—J. E. Parent, Jos. Romms.
Benson—J. B. F. Stagers, E. B. Coleman, Jas. Siddhul, and other good Republicans who choose to attend.

W. O. T. U. Notes.

"More than thirty mining companies of Colorado, make total abstinence a condition of employment."

The Woman's Christian Temperance Union meets every Wednesday afternoon at 3 o'clock, at the Christian Church.

The Young Woman's Christian Temperance Union meets at the Christian Church every Wednesday afternoon at half past four o'clock.

"The twenty saloons of Lawrence, Kansas, are reported as closed. The law is made effective by the faithful work of citizens, and prohibition will now be able to prohibit."

"The Emperor of Japan has taken the initiative in the cause of temperance. In his empire, by appointing a commissioner to devise methods for the suppression of the liquor traffic."

"A New York Chemist says he wants nothing more than three pails of water and twenty cents worth of drugs to make six gallons of just such champagne as fools pay a dollar a pint for."

"But a few years ago there was no temperance organization in China, now a temperance hotel is advertised in Hong Kong, and at Shanghai there is a lodge of Good Templars and a good able temperance paper, published weekly, called the 'Temperance Union.'"

Topeka, Kansas, has a new mayor, the Hon. Bradford Miller, a prohibitionist and pledged to the enforcement of prohibition. The saloons of Topeka will doubtless soon follow those of Lawrence. The people of Kansas are not to be permanently overthrown by the politicians.

A New Kind of Car for the Transportation of Scenery.

It's seldom that the mind of the mechanical inventor is turned to practical use by theatrical managers, and when it is, it is merely utilized for the purpose of producing effects on the stage. But an invention has just been perfected that is calculated to prove of great value to the immense traveling companies that go from one point to another in the United States during the "season." The invention referred to is a railroad freight car. To be sure, freight car is seldom a very potent factor in swelling the receipts of a performance; but in this case it is the novelty, convenience, and easy facility with which it is handled that makes the car valuable. The car is so built that it can be run on the fastest express trains, having air brakes and the latest equipment.

Another advantage which has not yet come into general use is the "Patent Adjustable Trucks" manufactured by the Lobell Car Wheel Company at Wilmington, Del., especially for the "Lights of London" cars. By this new invention the changing of the gauge from one road to another is but the work of a few moments. There is no re-chucking whatever necessary—the car running on any track and being commodious enough to accommodate the most cumbersome sets. It was at first thought that its enormous length would interfere with its rounding short curves, but the railroad men say that its length will cause no difficulty. Messrs. Shook & Collier, of the Union Square Theatre, are the first managers to give it a trial, and have had several built, especially for their company's forthcoming tour of the country. The decoration on the outside of them are as elaborate as those on the outside of professional circus choruses. To give an idea of their capacity, two immense wagons are loaded at the Theatre and conveyed to the depot; they are then elevated intact into the car by means of a wire rope windlass attached to the car. This is also done in a short space of time, thereby saving many hours' labor over the old-fashioned way, as well as protection from injury.—New York Evening Telegram

Another large audience witnessed the presentation of the "Lights of London" at the Opera House last evening. This piece, like most plays which give out action, advertises itself, and gains in popular favor the longer it remains. The incomparable scenery and satisfactory acting are sufficient to commend it. No further insurance is required that it will have full houses during the entire week, which is something that few plays can achieve. This result is proof of the strong hold which scenic effect has upon the masses.—Cleveland, Ohio.

The above troupe will appear at the Opera House three nights, commencing Monday March 24th.

Henry Sargent has purchased what is known as the Abbott place, formerly part of the Russell farm. Price \$500, cash.

Mr. Robert Allison and family, accompanied by Mr. Dave Allison and wife, left last week for Missouri, where they will reside in the future.

Owing to unavoidable circumstances the opening of the school has been postponed till Monday, March 24th, 1884. Patrons will take due notice and govern themselves accordingly.

We venture the assertion that a greater number of ROUNDABOUTS come to this office weekly than any other in the State taking size into consideration. We therefore claim the title, Banner office.

In your notice of the concert Miss Sallie Russell should have been Miss Lillie Russell. Miss Sallie Crockett's name was omitted altogether. Of course we were aware these mistakes were inadvertently made.

News reached this place last week, of the death of Mrs. Mildred Miller, wife of Mr. J. D. Miller, at her home in Waverly, Mo. Some twenty-five years or more ago they moved from this place to Missouri, where they have since resided. The many friends and relatives in this vicinity deeply sympathize with the family in their sore affliction. May the consolation of the Christian's hope sustain them in this dark hour is the prayer of the writer.

The following explains itself:

WHEREAS, the success attending the entertainment recently given by the dramatic Club of Bridgeport, the proceeds of which are to be used in the erection of a school house in this place, is in the main due to the good taste and admirable management of Mr. H. Parrott; therefore, Resolved, That the thanks of the club are due and are hereby tendered him for his indefatigable energy in the accomplishment of our purpose.

That his untiring efforts to have a school building erected in our village secured the hearty approval and co-operation of the entire community.

That our thanks are hereby tendered the elders of the Franklin Presbyterian Church for the use of their house. That a copy of these resolutions be presented the editor for publication in the Frankfort Roundabout.

By order of the club

Between the Bridges.

Ten new cases of measles reported this week.

Too much rain for the usual amount of visiting.

News scarce and Punch is off on a trot, therefore the letter of this week will be short.

Miss Lillian Wiggs, of Shelbyville, is visiting friends and relatives in this neighborhood.

Spring has at last made its appearance, and the larvae are making good use of it by using all their force putting in ome.

Candy pulling at Mr. R. H. Wilmon's Monday night, and a social at Mr. T. B. Johnson's Tuesday night. Both were real nice and well attended.

We are proud of the unity that existed between the correspondents of the Roundabout, and are sorry that the first one, has been cast by a new writer, our neighbor.

Dr. Johnson says he loves pretty women, but he don't want any of your little delicate things about him. He needs'try to prove it to us by any other means than by his daily walk and conversation.

C. T. Price and C. E. Tompkins, the representatives of the King Iron Bridge Co., who have just finished the Elkhead bridge, say that Eng. Tinsley, the superintendent of said work, made a first class job of the abutments and the best measure from one abutment to the other they have ever found in all their bridging in twenty years' experience.

Woefully in the unvarnished manner in which Miss Eve gives facts and figures as to the county's indebtedness, &c., and admire his judgment on turnpikes and jails, and give him our hearty thanks for the noble manner in which he defends our twelve justices, and believe with him that all fault finders would take the same pains to examine into the official acts of the twelve that they do to find something to object to, there would be less complaint.

Miss Dolly Dimple asked where does Punch and Judy live? We answered Between the Bridges and Paul Carter is acquainted with Judy. And Judy knows Punch, and Punch knows Punch and Judy, but Dolly Dimple's acquaintance Between the Bridges must be quite limited. Punch presents his compliments to her, and wishes to say that she is just a little too late about setting her cap for him. This being leap year he anticipated some trouble in avoiding being captured by some of the old maids who, in the month's day after, will have an iron case made in which he has enclosed his heart so that it can not be touched by the soft words of any maid or warmed-over women. So, Miss Dolly, you will have to excuse him and set your cap for Tom and Tuffy.

There are some persons in this vicinity who seem to think that we mention certain individuals' names too often in our letters, for instance we frequently have occasions to use the names of S. M. and O. Tinsley, as they are generally doing something worthy of note, and fail to mention some who never say anything. We think the editor wants something new every week and we try to furnish it, and we don't know two better subjects to get it from than S. M. and O. Tinsley, for they are stirring men, and always turning up something new. Besides Sam is a Justice of the Peace and a candidate for County Judge, and is entitled to all the compliments we say him. The man who wishes to have his name placed at the head of the column and receive the compliments and praise of any community, must do something worthy of applause.

Mr. Simon Hopkin has traded old Hawk (the family's favorite horse) off for a lay dilly, but we cannot say how old she is.

A gay couple passed through the Point last Wednesday, and the lady said put this in the Roundabout, but did not say what, so she will have to come and tell us what she wants in the Roundabout.

Miss Lizzie and Master Floyd Stivers visited Mrs. R. J. Shannon Saturday and Sunday. Miss Lizzie has received a message from the Professor at Midway to postpone going to Jamaica until next fall.

The turnpike company is having the toll house repaired. A much needed improvement.

Hawk Eye.

Mr. Wiley has renovated the house known as the old Foster house, on Mr. Steve Tabone's place, near Jones' Station, and is going to raise tobacco for Mr. Traline.

The cool weather of the last week made the farmers think spring had come and all are busy making preparations to begin work.

Sam Goin, who was so unfortunate as to get his hand hurt while trimming hedge some time ago and has been confined to the house ever since, is able to be out again.

Mr. E. P. Bryan, of Frankfort, removed his family to his farm, Glenmary, about the first of the month, to enjoy pure country air. We heartily welcome Mr. Bryan into our midst.

Antioch.

After six weeks absence from the neighborhood, here we are again.

Mr. John Russell is setting out fruit trees which he must have fruit to eat.

Misses Ed. Chambers and Minnie Owens visited Miss Jennie Quire last Sunday.

Misses Alice and Ella Conway, of Stony Creek, were the guests of Miss Larour Gore last Saturday and Sunday.

Miss Lilly Goin, after a short spell of sickness, returned to Frankfort last Sunday, where she is attending school.

The old toll house on the Flat Creek pike, has been undergoing repairs, and is now quite comfortable. It is now occupied by Mr. George Shackelford and family.

Preaching at Antioch Church on the 5th Sunday in March by Elder Polk Smith, at 11 a. m., on the 1st Sunday in April by Bro. C. H. Knapp, of Lexington, at 11 a. m., and on the 3d Sunday in April at 4 p. m., by Elder H. Harvey Barker, everybody invited to come.

There are three young ladies in this neighborhood who have burnt, dug and sowed two tobacco beds, with their own fair hands, and are preparing to raise a crop of tobacco by their own labor. We must have a treat out of that crop sure. Now boys, go to work and quit running to town to see the candidates.

Some of Mr. Hunter's singing class learning of his presence in the neighborhood, after a long absence, called the class together last Sunday evening, at Mr. Bob Owens', and sent for him. About forty of the class were present to welcome him back. They spent about three hours together singing and conversation, and all enjoyed themselves.

Nix.

Harvieland.

Mr. Charley Semmons has removed upon Bark Branch, where a John Chas formerly resided.

Mr. William Brawner has sold his crop of tobacco to Messrs. Sullivan & Co., for \$5.85.

Mr. Henry Doane, of Pendleton county, is visiting friends and relatives in this vicinity this week.

J. J. Smith was the guest of Bothams Saturday night and Sunday. He says he can eat Pillroller up blood raw.

This country is a splendid place to raise potatoes. If you neglect to dig them yourself some of your neighbors will dig them for you on the halves. But they take both halves home with them. One half for digging them and the other half for carrying them home.

Mr. Jesse Phillips had a chance for the measles and he procured a quart of Camphor without gum but to prepare his system as Panch did. Every morning afterwards he thought he was taking them and he needs his remedy freely until the fourth day, then he had to quit using it because it was all gone.

Mr. F. M. Smith, who has been prospecting for a future home has found it at last. We would tell you where it is at but Mr. Smith is afraid some one would get ahead of him.
